Kristi Davis, CSI/CDT, is the Strategic Account Manager of CertainTeed Gypsum, and has been in the construction industry since 1988. She has worked for CertainTeed in Phoenix, Philadelphia, and Chicago and currently is based in Southern California promoting CertainTeed Gypsum’s specialty products to builders, building owners and national accounts. During her tenure at CertainTeed, she has worked in several divisions, including Ceilings, Fire Rated Glazing and Gypsum. Ask Kristi about her grandson, Cole – he won the 2011 National Disney Baby ‘Little Characters’ Contest, which earned him a $10,000 scholarship and a role on the ABC Family channel show, ‘Baby Daddy’.

Kristi’s presentation will review:
- how sustainable buildings are addressing indoor air quality (IAQ) to enhance the comfort of occupants,
- what airborne pollutants and chemicals are associated with adverse health effects
- how to design appropriate remediation strategies for those common contaminants
- emerging contaminant capture technologies

Lunch and presentation promptly at noon

Lunch is Monterey Cookhouse’s All You Can Eat Buffet, complete with soup, salad, hot entrees, and dessert

**Lunch and 1.0 AIA CEU is provided by the speaker**

**RSVP to AIA Monterey Bay Chapter by Monday, April 11th:**
